"HIGHLIGHTS IN IRIS"

"Howdy" Jand Lew

HOWDY FOLKS!

My! how the years fly. Here it is time again to greet our Iris friends. We wish we could meet each of you personally but that seems impossible so this little catalog and the picture above both say "howdy." Last year we ran completely out of catalogs; we were swamped with requests. I know many of you wondered why you did not get the catalog you asked for. Well! now you know the reason and I'm sure you will forgive us.

We want to thank you for the business you gave us last year. It was appreciated. Look through these pages and compare prices with others. Then we know we will receive a portion of your orders. Remember our garden is a hobby garden, not a commercial garden, our overhead is small and we can afford to supply you with the surplus at a lower price. All plants are of first quality and every order is given personal attention.

Garden Clubs are requested to submit their orders and we will be glad to give them special consideration. Usually all rhizomes are shipped to one person for distribution. We feel sure you will be pleased with the consideration we give your order. Garden Clubs are especially invited to visit the garden. If possible Garden Clubs should write or phone for an appointment. Then we can give them special attention. We enjoy having flower lovers visit our garden.

OUR NEW SLOGAN

You have no doubt noticed our new slogan "Highlights in Iris." By this we mean that we intend to keep only the most outstanding iris in the future. There are many iris introduced that are only mediocre. Gradually we shall drop these and keep only the best. Our garden room is limited which makes it imperative that we cull closely and keep only

"HIGHLIGHTS IN IRIS"

There are no pictures in color in this catalog, but you will find some outstanding values in prices.

My hybrid iris seed business has increased by leaps and bounds. Everybody seems to be interested in raising iris from seed, especially the new pink types. I am issuing August 1st a list of the crosses from which seeds will be available. Write for it. Many customers report unusual seedlings from these seeds. You have the same chance that I have of getting an unusual break.

If you have any problems feel free to write me and I will try my best to help you. I will be available to garden clubs for lectures on garden subjects; also available for judging Iris shows.

DR. LEWIS CLEVINGER,
Accredited A.I.S. Judge.

READ BEFORE ORDERING

All stock is of first quality, free from disease and insect pests. My garden is officially inspected each year. Orders are shipped postpaid when they are \$2.50 or more. Orders for less please include 25 cents for boxing and postage. Orders are filled in order received. Order early, first come, first served. Get the pick of the rhizomes.

Please Write Your Name and Address Plainly.
This is Important.

I prefer to make shipments after August 1st as the rhizomes are mature at that time.

Siberians should be ordered separately from the bearded iris. They are shipped about September 15. Orders for Siberians should total at least \$2.50.

Please indicate in your order if I may substitute if necessary.

CLEVENGER'S 1950 INTRODUCTIONS

PHRADIE WELLS (42-11-1)

This is a gorgeous blend of tan-pink-apricot and soft butterscotch. It is a large flower. The standards are of a golden butterscotch color, shot through with pink and orange. They are broad and heavily substandard, and hold together well at the top. The falls are maple sugar with an overglow of pink and apricot, and the whole flower is dusted with gold. Style arms are sulphine yellow with a lavender stripe down the center. The beard is yellow. The haft is of burnished gold with a few tortoise shell reticulations which add to the general beauty of the flower. The substance is that of leather. It stands rain, sun and wind, as the stalk is very strong. The flowers are symmetrically placed on the stalk and branching is good. It surely makes a colorful **Highlight** in the garden. Height 38 in. (Amitola Sandalwood) Price \$15.00.

CLOUDS OF BLUE

A new Siberian whose chief value lies in the fact that it is a very heavy bloomer. It is literally covered with blue flowers of medium size, clouded white, a very lovely garden effect. Height 36 in. A fast increaser. I can recommend this very highly to you. Price \$5.00.

P.S. If the two are ordered at the same time—price \$17.50 for the two.

Umba—A **highlight** in the garden. A beautiful light peach-lavender blend. A large flower well ruffled. Falls and standards are wide and are well rounded. "Umba" means bright sunshine. A beautiful addition to the light blends. Hardy. Height 36-38 in. Price \$3.00; 2 for \$5.00.

Witches Dance—An amoena on the order of Shah Jehan, but darker in color and larger. A late bloomer and a splendid iris in every way. Height 36 in. Price \$1.00.

Wineberry—This iris has an unusual color. It is a rosy-smoky violet with an electric blue feather at the end of a yellow beard. The haft is saraband brown and the standards and falls have a narrow edging of the same color. The entire flower has a sprinkling of silver. Substance and branching very good. Hardy. Height 36 in. Price \$3.00; 2 for \$5.00.

Evenglow—An outstanding iris of a rosy lavender color. Very large, but not coarse. It is a tailored flower having very wide falls and standards, plain and crisp with leathery substance. Hardy. Branching fair. Beard yellow. I have seen no Iris like Evenglow. You will like this flower very much. Height 38 in. Price \$5.00.

Howdy—A very large, ruffled, blue-white iris that stands up under all weather conditions. Unlike many of the white iris it is completely hardy. This iris has made a name for itself in all parts of the country. Beard bright yellow. Buds are very large and are light blue in color—opening up to a beautiful icy-white. Height 36 in. Price 75 cents. 3 for \$2.00.

Kirkmo—A real rose red. A large flower with excellent substance. Hardy. Branching excellent. Falls slightly flaring. An excellent garden plant. Height 38 in. Price 75 cents, 3 for \$2.00.

Indian Gift—A very early blue-white plicata of the new type—those having a clouded effect. A very beautiful flower. Branching is excellent. The flower is large and beautifully ruffled. It has grape perfume and produces enough to scent the whole garden. Very hardy. Price \$3.00; 2 for \$5.00.

The Chieftain—One of the finest red-copper iris. Color is intense copper red with an electric blue feather at the end of the yellow beard. Of average size but beautifully formed and well branched. Substance good. An excellent breeder of reds. Makes a lovely color splash in the garden. Fine for artistic arrangements. Height 40 in. Price 75 cents, 3 for \$2.00.

TO THOSE WHO WILL ATTEND NATIONAL MEETING AT SIOUX CITY, IA.

All of my introductions will be on display at Chet Tompkins Gardens in Sioux City (Fleur De Lis Iris Gardens). Evenglow, and Phradie Wells, my 1950 introduction, will be on display in Mrs. Whiting's garden at Mapleton, Ia. Visitors at the Annual Iris Meeting there are asked to look these over. We like them and we think you will too. We would greatly appreciate hearing from you after the meeting.

These introductions of ours are also in the gardens of R. J. Comstock, St. Charles, Ill. and Joe Botts of 611 Villa St., Elgin, Ill. Both of these Iris fanciers are very favorably impressed with these introductions.

SPECIAL OFFER

One each of Howdy, Kirkmo, Indian Gift, The Chieftain, Umba, Witches Dance, Wineberry and Evenglow. A \$17.25 value for only \$12.00.

AMERICAN IRIS SOCIETY

Are you a member of this organization? If you are not a member, you should be. As a member you are entitled to four fine instructive and inspirational bulletins each year. This alone is worth many times the price of membership. Send your application to American Iris Society, 444 Chestnut St., Nashville, Tenn. Dues are \$3.50 per year.

Wasatch, plicata, white, blue border, large.
West Point, indigo blue, late, good.
Winnishiek, blue, black, lighter border.

SIBERIAN IRIS

We believe we have one of the finest collections of Siberian Iris in the Middle West. Our price is for a small clump, not for a single root. Single roots do not do well. The small clump usually consists of from three to four roots and establishes itself quickly. Siberians should be ordered separately from the tall bearded iris. Orders should total at least \$2.50. If less than this add 25 cents for postage, etc. Siberians are shipped after Sept. 15th.

SIBERIAN IRIS LIST

Blue Ridge , a good blue, 40"	\$1.00
Caesar , tall blue purple75
Caesar's Brother , black pansy violet, tall75

Turquoise Cup , soft turquoise blue, tall, good	1.00
Tycoon , largest Siberian, huge violet blue	4.00
White Dove , tallest white, very fine, 50"	1.00

HYBRID IRIS SEED FROM CHOICE MATINGS

Last year the demand for seed from reliable choice crosses was excellent. Seeds were shipped to nearly every state in the Union, and to far away Australia. Many fine seedlings have been reported from these seeds. Customers have just as good a chance to get an unusual break as I have. The price I am asking is very low considering the quality of the seeds.

I am using this year many of the finest Iris on the market. If special crosses are desired you should write before the blooming season opens. Special crosses require considerable care; the price of these is \$3.50 per 25 seeds.

Class I. This group will have parents such as Mellowglow, Arab Chief, Chamois, Tobacco Road, Cascade Splendor, Distance, all new and all choice breeders. Crosses will be made to produce all colors. 25 seed, \$2.00.

Class II. This group will contain crosses in which the best pink iris will be used as parents. Such iris as Cherie, Pink Cameo, Spindrift, Hit Parade, Chantilly, Hall 42-10, Loomis S.Q. 72, Golden Eagle, Morocco Rose and many others will be used. These seeds are in great demand. It seems I can't produce enough. So please get your order in early. 25 Seeds (either mixed or all from one cross)

\$2.50

Special, Seeds from crosses from which the tags were lost—all excellent crosses, but parentage cannot be furnished. 100 seeds, an excellent buy

\$1.00

Mixed Siberian Seed

Liberal package

\$1.00

Regal Lily Seed (Selected)

Large package

\$1.00

Note—Aug. 1st a list of crosses in Class I and II will be available. Drop me a postal if you care for it.

THE GAY AND LOVELY PINKS

Spindrift , seashell pink, deep tangerine beard, 36"	2.00
Deb's Delight , a beautiful pink of Halls, 32"	1.50

PINK SEEDLINGS

I will have a number of pink seedlings of my own breeding to sell to those who want pink iris, but do not feel able to pay a big price for them. These seedlings are not perfect, and are not prize winners but will make a lovely clump of color for the garden. They will also be good for breeding. Parentage given with each rhizome sold. Price per rhizome, \$1.00. Six (different) for \$5.00.

SEEDLINGS, OTHER THAN PINK

I have a number of fine seedlings in nearly all colors ranging from whites, blues, light and dark blends, deep blues, and yellows. I do not care to introduce these, but they are too good to throw away. They are lovely big flowers with wide falls and standards, good branching. They would be very fine for landscaping and for garden effect. I can supply parentage with each one. I can recommend these to you highly. Price \$1.00 each, \$7.50 per dozen, \$5.00 for six.

HEMEROCALLIS

This flower is one of the finest garden flowers I have ever tried. It blooms when the garden needs its lovely lily like blossoms of yellow, orange, red, wine, and even a lovely pink. I have only a few to offer this year but will gradually add to the list. Hemerocallis are shipped after Sept. 1. They may be shipped with Siberian Iris but not with the tall bearded iris. Orders for Hemerocallis should total \$2.00. If less add 25 cents for postage and packing.

Bicolor , (Stout) Sepals, yellow orange, petals pale red, tinged rose, large size, evening bloomer, 3½ ft., July-August.	\$1.50
Calypso , (Burbank) pale canary yellow, evening bloomer, 3½ ft., July.50
Dolly Varden , (Nesmith) Chinese coral pink, rose lines on petals, creamy yellow throat, 3½ ft., June, July.	3.00
Fulva Rosea , (species) lovely pink on tall stalk, 3½ ft., June, July.	3.00
George Yeld , (Perry) Very large, recurving flowers, orange suffused with bronzy-apricot, 3½ ft., July, Excellent.50
Gypsy , (Betscher) Glistening deep orange, reddish undercast. An excellent flower, 2½ ft., July.50
Hyperion , (Mead) A universal favorite, large, waxy, soft canary yellow. Excellent in form, color, size, 3½ ft., July.50
Mikado , (Stout) Mellow orange, conspicuous spot of mahogany on each petal. Very popular, 3 ft., June- July.50
Ophir , (Farr) Large deep yellow outstanding 5 flowers, heavy texture, floriferous, 4½ ft., July.50
Fulva , (Species) "Old Roadside Lily," Coppery orange, shaded crimson. A very fine flower, 3½ ft., July.50

THE HEMEROCALLIS SOCIETY

Join The Hemerocallis Society if you grow this lovely flower. Its year book is worth its weight in gold. Send your name with \$3.00 to the Secretary, Mrs. Pearl Sherwood, Atlantic, Iowa, or send it direct to me.
